KÄRNTEN
It's my life!

You have some real insider tips and like to share them?

- ▶ You know what's going on in your job and in the region.
- ▶ You see at a glance when someone might need support.
- ▶ And you can really share in the joy when guests have a good time here with us.
- ▶ You are a buddy, a friend, a mate and an advisor all in one!
You always have a friendly smile and a joke on your lips

On the piste, you bring the disoriented back on track. You give them insider tips and a few valuable pieces of advice, so that they are guaranteed to find the best Kaiserschmarren on the mountain and the coolest downhill run for the kids

At the ski lift, you keep an eye on everyone to make sure they get to the top in one piece and that no unintentional injuries happen.

At the restaurant, at the cafe and in the bar, you know exactly what's important when it comes to enjoying and relaxing. The calmest spot on the terrace, the tastiest dishes on the day menu and, of course, the quickest way to a clean table - if they follow you, they'll have the best chances for a perfect day in the snow!

At the shop you have the know-how and wear the (ski) trousers, you find the perfect boot, the coolest board and the warmest jacket – anyone listening to you is always well advised! Because we know exactly - when the boot pinches, it darkens your mood.

At the reception: You know what's going on in your job and in the region. You know a lot about ski hire, the ski school, lift tariffs and the fun facilities on the pistes. You also know what's on off piste and where to buy regional specialities.

In short: You Buddys are there to make a winter holiday at Nassfeld the best.

? Can I buy groceries at Nassfeld?

At the ADEG shop on Sonnenalpe Nassfeld.

? Is there a lounge / without consumption?

In the basement area of the Kofelalm at the Madritschen upper terminal! Entrance at the back - beneath the ski service station!

? Can you stop a ski instructor on the slope and ask for help?

Yes, in emergencies always and for simple information or directions, always first make sure that the lesson is not disturbed.

? Do snow groomers and skidoos also run on the slopes during the day?

Normally not, but near the ski schools and when the snow cannons are in operation. When the snow cannons are in operation, you must expect traffic. This also applies in the event of accidents on the pistes or operational exceptions. Beware of blind crests!

? Where does the water for the snow-making equipment come from?

For the most part from mountain streams that are dammed in the valley near Rattendorf, and pumped up the mountain into reservoirs.

? Do I get a refund if I had a skiing accident?

In the event of a skiing accident, the lift pass will be read out and the remaining amount refunded.

? Why is there no price reduction in the event of a lift system failure and restricted operation?

For your personal safety we had to close lift xy because the wind is too strong at the moment. In the meantime, please use the lifts and pistes in operation. We will recommence operation immediately as soon as the weather situation stabilises.

? Why doesn't my 5-year-old child get her/his own ski pass? She/he uses the lifts for free anyway and it's such a hassle to go through the turnstile together!

The use of our mountain railways for children under the age of 6 accompanied by their parents is free of charge. To ensure this, the child goes through the turnstile with you.

However, if the child already uses the lift alone, you can get a Bambini ticket for only €6.00 (per day).

? Can I use the ski pass with my wife/husband (parents) alternately? Someone always has to look after the child.

Family with small children / babies:

We have the following solution for this: both parents each buy the same ski pass with the same validity period. However, the ski passes may never be used at the same time! At the lift ticket offices, the tickets can then be read out to exclude simultaneous use - if this was not the case, the money for one ski pass will be refunded.

? Is there a family discount for day tickets?

Families receive a free child ticket for the entire season from the 3rd child onwards when purchasing at least 2 adult full-price day tickets and 2 youth/child tickets.

Valid ONLY for purchases of one whole family and only on the full price day ticket (exception: full tariff for locals).

? When is night skiing? And is my ski pass also valid for this?

08.01.2022 – 05.03.2022 every Saturday evening from 6.30pm to 9pm, piste is freshly groomed beforehand!

Night skiing is free for holders of the Nassfeld season tickets and

NEW: also with a valid PREMIUM ski pass!

Adults/youths/seniors €8.00, children €4.00

There is also a night bus before and after night skiing on Saturdays!

? I have lost my ski pass, what can I do?

On presentation of the proof of purchase, it is possible to block the ski pass and a replacement ticket will be issued.

The key card deposit must be paid again!

? I will buy a multi-day ski pass in the afternoon on arrival.

Can I use it then, although the validity starts on the following day?

When buying a multi-day ski pass, it is already valid on the day of purchase from 4pm as a hotel shuttle!

? What happens if the ski pass was bought, given away or won by a third party?

In principle, every ski pass must be activated in the system. be activated. A link can also be created subsequently in the web portal, ticket vending machine or directly at the ticket office in the ski area.

? Where can I get tested in the region?

Under the following QR code you will find the current test roads in the region

**? From what age does the 2G rule apply?**

Children up to the age of 12 are exempt from the G G test and therefore do not have to show a test result.

? Do children need a 2G certificate?

No certificate is needed for children under the age of 12. However, their ski passes must be activated in the system. Activation is also possible without 2G certificate, and is usually done when the ski pass is purchased, but can also be done later at the ticket offices in the ski resort.

Children from the age of 12 always require a valid 2G certificate..

For children of school age, the valid Ninja Pass (Corona Test Pass) replaces the 2G certificate during school terms and also at the weekend. During non-school terms, there must be proof of tests and test intervals similar to the Ninja Pass. A negative result of a molecular biological test for SARS-CoV-2 (e.g., PCR test) carried out by an authorised body, which must not be older than 72 hours, is considered as proof.

Antibody tests, rapid antigen tests and PCR tests are not accepted. (with the exception of the Ninja Passport).

? **How do I link my ski pass to my 2G proof?**

Every ski pass must be linked and activated with your 2G 2G proof of eligibility before entering the ski area. Normally the check and link is made when you buy your ski pass. However, a link can also be set up later in the web ticket machine or directly at the ticket office in the ski area. in the ski area.

Please note: In the web portal and at the ticket vending machine only electronically readable credentials (QR code) can be linked.

? **How long is my ski pass linked to the 2G certificate?**

Ski passes are generally activated for the respective validity period of the validity period of the certificate, provided that the data is data is consented to. Without this consent, the ski pass is ski pass will only be activated for the current day.

? **Where is my 2G proof checked?**

Normally, the control and linking already takes place when you purchase of the ski pass. The access readers in the ski area also check whether your check whether your valid ski pass has been linked to a 2G proof. 2G proof has been linked. Please also keep your 2G at all times for the duration of your stay in the ski area. for possible checks at any time during your stay in the ski area.
