SPORTY SKIING

Snow-reliable. Wide. Pistes.

Amazingly vast, spacious, proverbially snow-reliable and, as far as the mountain panorama is concerned, hard to beat. If you come to Nassfeld, one of Austria's TOP 10 ski resorts, you can expect a lot. But the ski resort goes the extra mile and provides its guests with numerous surprise moments that put a smile on their faces. Because special aha experiences await sporty and leisure skiers at every „corner“ of the ski resort, which is perfectly developed with 30 cable cars and lifts as well as 110 kilometres of pistes. Whether snow park, „The Snake“, freeride areas or ski movie race

tracks - just look out for the „Nice Surprise“ information boards and discover a completely new side of winter sports!

Culinary „carving“ is a pleasure between Austrian ski huts and Italian „ristoranti“. But it's not just them that exude a southern lifestyle. Many winter sports enthusiasts are surprised by the extra sunshine that characterises winter in the Alpine south. Because in terms of the number of hours of sunshine, Nassfeld is clearly ahead in the entire Alpine region!
